

Certificate

DIN EN ISO 3834-2

Certificate No.: ISW GmbH.3834-2.0030

The accredited certification body,
ISW GmbH,
hereby certifies that the manufacturer

AZO GmbH & Co. KG
Rosenberger Straße 28
D - 74706 Osterburken

AZO.

using the operation site(s):

AZO GmbH & Co. KG
Rosenberger Straße 28
D - 74706 Osterburken

has demonstrated its ability to meet the
welding quality requirements pursuant to

DIN EN ISO 3834 2:2006 03

in the area of application specified on the back.

Certificated since: 2014-01-30, W-2013-0030-02

Applying till: 2024-01-30

Period of validity: This welding certificate remains valid indefinitely unless the provisions of the above-mentioned standard, in conjunction with EN 1090-1, the manufacturing conditions at the manufacturer's site(s) or the in-house production control should change significantly.

Place, date: Grebenstein, 2021-02-17

H. Wienecke
Dipl.-Ing. H. Wienecke, head of the certification authority

Scope of the certificate: ISW GmbH.3834-2.0030

Scope of application: Machine and container construction, load-handling equipment, lifting devices, load-bearing parts in the field of building supervision pursuant to DIN EN 1090-1, EXC3

Product standard: EN 1090-1

Welding processes:
135 - MAG welding
141 - TIG welding
131 - MIG welding
153 - Plasma-tapped hole welding

Base metals:
S235, S275, S355 pursuant to DIN EN 10025-2
Stainless steels compliant with EN 10088-2 and EN 10088-3
EN AW AW-5754 (AlMg3), EN AW-6060 (AlMgSi0.5), 22,23
compliant with CEN ISO/TR 15608 and EN 1090-3, Table 1
and 2

Responsible welding supervisor:
(Name, first name, date of birth, qualification)

Leist, Christian, born 1979-06-20, IWE

Representative:
(Name, first name, date of birth, qualification)

Sauer, Dirk, born 1976-06-18, IWS

Note:

This certificate meets the requirements of the welding certificate for the purposes of EN 1090-1, table B.1.
Only the original certificate issued in German shall apply.
